

Knoll

Matic Sofa Collection

Like architectural building blocks, modular components are used to create four unique Matic Sofa configurations. The option of adjustable curved backrests furthers the flexibility of this collection by Italian designer Piero Lissoni, who was inspired by the idea of an island-like platform suspended in space.

**Designer**

Piero Lissoni

Benefits

- Adjustable curved backrests
- Comfortable cushions upholstered in fabric or leather
- Choice of glossy or charcoal painted finish
- Offered in four configurations

Warranty

5 Years
