SPECIAL | EDITION

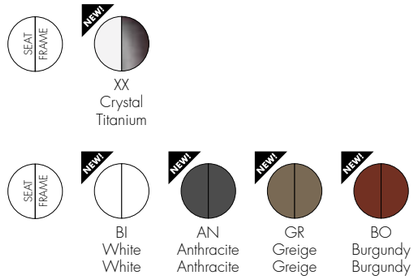

# EROIS| 2001
## Design Philippe Starck

**4835**

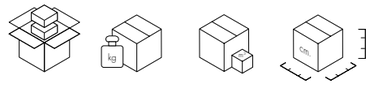

**FRAME**
Die-cast aluminium polished titanium or matt painted

**SEAT**
Transparent or painted polycarbonate

Some products, over time, cease to be simply objects and become icons. **Ero|S|** belongs to this category. This year, one of Kartell's most iconic seating collections celebrates its **25th anniversary**–an important milestone that marks a project which has become a benchmark for innovation, material research, and design language. Since its debut, Ero|S| has embodied a pioneering vision, helping to shape Kartell's identity around the world. To celebrate this milestone, we have chosen to give it a new life through a contemporary reinterpretation. The result is a new collection, previewed at the Salone del Mobile, featuring the elegant **White, Black, Greige and Bordeaux** finishes with the new **Mat Soft Touch** surface. Alongside this evolution, we have also created a **Special Edition 25th Anniversary** to celebrate the legacy of Ero|S|. The chair returns in its iconic transparent finish–an element that has always represented the essence of Kartell's design philosophy–paired with a refined glossy Titanium-finished frame, creating a dialogue between heritage and contemporary design.
