DESCRIPTION

Inspired by the graceful form of an umbrella, the Umbra Collection transforms a classic silhouette into modern elegance. Combining metal and glass in simple, yet sophisticated designs, Umbra allows you to mix and match hardware and glass finishes to craft a look that's uniquely yours. Each piece brings balanced, warm illumination to any space, whether over a kitchen island, in a hallway, or above a cozy reading nook. Socket-based design accommodates a standard medium based A19 bulb (not included), giving you flexibility to select your ideal brightness and ambiance.

- Modern Umbrella-Inspired Flush Mount: Elegant, space-saving design perfect for hallways, entryways, kitchens, bedrooms, closets, and small living areas.
- Mix & Match Glass and Metal Finishes: Create a custom look with your choice of glass and hardware to match your home décor.
- Socket-Based A19 Bulb: Requires one medium-based A19 bulb (not included), giving you control over brightness and lighting style.
- Low-Profile & Functional Design: Ideal for spaces where hanging fixtures aren't practical but style and sophistication are still desired.
- Warm Ambient Lighting: Soft, even illumination enhances hallways, kitchens, bedrooms, and more without overpowering the space.
