

# VL 56 PENDANT

The pendant emits downward directed glare-free light. The radial perforation pattern around the opening creates a softer transition between light and darkness. The perforations create a soft beautiful pattern of light both on the shade and on the surrounding surfaces.

## Vilhelm Lauritzen

Vilhelm Lauritzen (1894–1984) is one of the most significant architects in the history of Denmark; he was the trail-blazing figurehead of Danish functionalism. A number of his buildings – Nørrebro Theatre (1931–32), Daells Varehus department store (1928–35), Radiohuset (1936–41) and the first airport built in Kastrup (1937–39) – represented the concentrated essence of contemporary life.

## Product info
