## ASSEMBLY INSTRUCTIONS

1

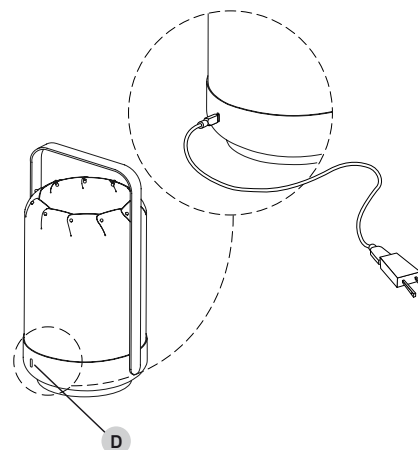

### 1. Unpacking.

Open the tube and extract the Minichou lamp (A) and the charger (B).

2

### 3. Charging

- The Minichou has one USB (C) for charging.
- A red pilot light will indicate that the lamp is charging
- When your Minichou is fully charged the red pilot light will turn off.
- When the lamp reaches 10% battery level, the light intensity will fluctuate as a signal that it needs charging.
- Do not switch on the lamp while it is charging.
- 4h aprox charging - 80% battery
- 8h aprox charging - 100% battery

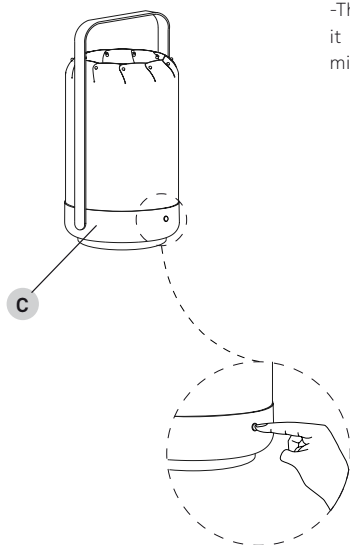

3

### 3. On-off-dimming

-Short press on the button (C) to turn on/off.

- Hold the button pressed to dim and release when you have reached the desired level of light.

-The lamp will flicker once when it reaches 100% dim, and also at minimum dim.

## WARNINGS

### Before assembly and installing this product, carefully read the following

Dry location only. This lamp is for indoor use only.

### WOOD VENEER

Since wood is a natural material, a gradual change in tone may occur over time. Furthermore, if the lamps have been purchased at different times, there will be differences in colour and tone, particularly in light coloured veneers. Luziferlamps S.L. will not be held responsible for this.

### Charge the battery before using the luminaire.

## GENERAL CARE INSTRUCTIONS

### Use and care of your lamp.

You have just purchased an original handmade product by LZF. Your lamp is made out of FSC® certified natural wood veneer treated with our patented finish, Timberlite®. This treatment both protects and safe guards the wood veneer against breakages.

For cleaning use a soft cleaning or damp cloth and avoid the use of solvents and other degreasing agents. Clean only the flat surface of the veneer with the cloth, avoid any moisture contact along the edge of the veneer.

### Precautions

Your Mini Chou is a cordless lamp which means that it can go where you go. This does not mean, however, that it is an outdoor lamp that can be exposed to the elements for extended periods of time. If it rains, you take it indoors with you. Keep it dry.
