Mako Console Table Grey

Texture, meet your new routine. The Mako console table brings Art Deco geometry to everyday living, adding a shagreen-style finish that plays with light without taking over. A solid black oak frame gives structure, wrapped in grey shagreen-patterned polyurethane for an easy-care vegan-leather look, then set on brass-finished legs for a warm contrast. The result feels calm but intentional—ready for keys, lamps, and whatever walks in next. Consider it your hallway’s reset button every day.

- Deco Geometry: Art Deco-inspired lines and a soft grey palette add structure to entryways, giving your wall space a more finished look.
- Shagreen-Style PU: Grey shagreen-patterned polyurethane delivers visual texture with easy care, offering a vegan-leather look that handles daily wipe-downs without demanding special cleaners.
- Strong Frame Contrast: A solid black oak frame and brass-finished legs balance weight and warmth, keeping the piece steady and visually light in any room.
- Hallway Reset Surface: The top creates a consistent landing spot for keys, bags, and decor, making quick tidy-ups feel effortless before guests, after work.
