Ballerina

PD610636

PRODUCT DESCRIPTION

Playful Elegance. Artful Light. The Ballerina Pendant transforms light into a choreographed display of color, texture, and motion. Its graceful silhouette features a cascade of champagne and smoked colored optic glass globes, each glowing softly to create a dynamic interplay of light and shadow. The result is a statement piece that's as artistic as it is functional — dramatic enough for a grand dining room yet refined enough for a modern living space. With 4CCT selectable light, Ballerina adapts to any mood or setting, offering everything from warm, ambient glow to bright, expressive radiance. Whether suspended as a centerpiece or installed in multiples for a gallery effect, Ballerina captures the spirit of movement and beauty — lighting that performs as beautifully as it illuminates.

FEATURES

- Driver concealed within the canopy
- Optic effect, mouth blown champagne and smoky art glass
- Built in color temperature adjustability. Switch from 2700K/3000K/3500K/4000K
