Okemo

WS220614

PRODUCT DESCRIPTION

Raw Nature. Refined Light. The Okemo Wall Sconce is a study in contrast — where the raw, timeless beauty of basalt and travertine meets the soft, sculptural glow of etched opal glass. Its bold vertical form celebrates the natural texture and character of stone, while the delicately diffused light creates an atmosphere of warmth and sophistication. Designed as an architectural statement piece, Okemo transforms lighting into art. Whether flanking a bathroom mirror, accenting a hallway, or highlighting a feature wall, it brings elemental materiality and refined illumination together in perfect harmony. This is lighting that transcends trends — timeless, tactile, and deeply connected to the spaces it inhabits.

FEATURES

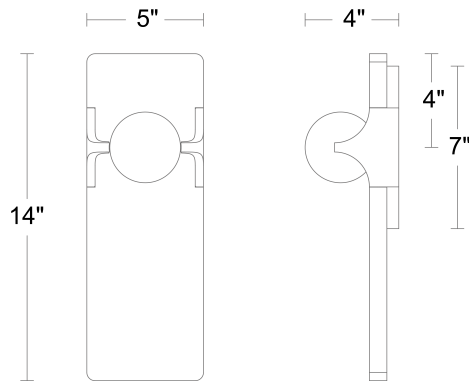

- ACLED driverless technology
- Natural stone features inclusions and variations in color and texture in each crafted piece
- Mouth blown opal glass diffuser
- Built in color temperature adjustability. Switch from 2700K/3000K/3500K/4000K
