PRODUCT DESCRIPTION

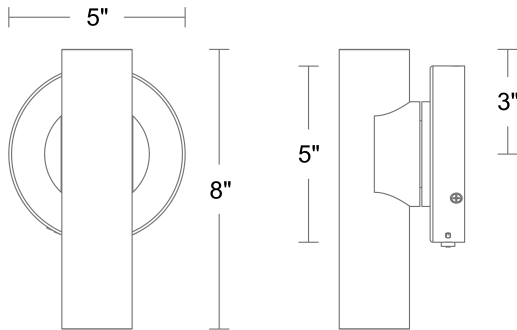

Organic Efficiency. The Holden Task Light offers a bold and organic approach to focused illumination, embodying a cultured blend of natural materials and intelligent design. Each task light is meticulously crafted from either genuine Basalt or Travertine, lending an enchanting, textural quality to its robust form. Uncompromising in its precision, Holden features an adjustable head that effortlessly directs a 3000K LED light with precise left and right movement. Further enhancing its educated functionality are an integrated touch switch for intuitive control and convenient USB & USBC ports, transforming it into an indispensable hub for any sophisticated bedside or workspace. HOLDEN is a charismatic testament to modern efficiency and natural elegance.

FEATURES

- Driver concealed within the canopy
- Natural stone features inclusions and variations in color and texture in each crafted piece
- Articulating light source, up to 320 degrees horizontally
- Built-in USB & USB-C port at the base of the canopy
- Convenient touch switch dimming to adjust brightness
