

## Wireless Wall Switch

MOOOI

The Wireless Wall Switch provides the easiest way of dimming and full smooth dimming range. It is currently compatible with the Flock of Light 31\*, Heracleum III family, NomNom Light, Starfall Light, Gravity Chandelier, Raimond II (all variants excluding R127-R163-R199 and Tensegrity), Pallana Light and the Tubelight You have full control over your Moooi lighting design with one touch! And best of all? There's no need to change your home's wiring, because it works with Bluetooth (Casambi). The Wireless Wall Switch can be integrated with your existing wall switches, and it charges itself, so there's no need for electricity. Important! The Wireless Wall Switch is currently compatible with the NomNom Light, Starfall Light, Heracleum III family, Gravity Chandelier, Pallana Light, Tubelight, Raimond II (all variants excluding R127-R163-R199 and Tensegrity) and the Flock of Light (all variants, but please contact us when you purchase a Flock of Light 11 or 21, because an additional component is needed).

### *Detailing*

There's no need to change your home's wiring, because it works with Bluetooth. With one simple touch you can enjoy a full dimming range.
