ASSEMBLY INSTRUCTIONS

Bloom 14” Semi-Flush Mount

1. Turn off the power supply at the fuse box.
2. Carefully remove all parts from the carton and place them on a clean surface. Please refer to the list of included items inside the carton.
3. Secure mounting plate (A) to junction box with screws (found in the hardware bag).
4. Attach positive (black), negative (white), and ground (green or bare copper) wires from junction box to matching black, white, and bare copper wires from the canopy of the semi-flush mount assembly (B) with wire connectors.
5. Secure semi-flush mount assembly (B) to the mounting plate (A) with the short screws provided.
6. Attach shade (C) to socket of the semi-flush mount assembly (B) and secure with socket ring (D).
7. Insert the light bulb (E) into the socket.
8. Turn the power back on at the fuse box and enjoy the beautiful light!
