BLACK E27 LAMP HOLDER

Fig.5

To free the electrical cable, unfasten the locking screw (A) from under the base;

Delicately pull-up the electrical cable to have access to the electrical terminal lamp holder contacts;

Disconnect the wires and free the black lamp holder support by unfastening the screw through a flat tiny screw driver;

Assemble now the new spare-part:

Install the lamp holder support, connect the lamp holder contacts, push down the electrical cable, fasten back the lamp holder sleeve, push back in position the lateral spring and for last, fasten the locking screw under the base.

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.
