

Zeppelin 1

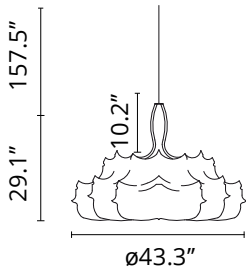

Designed by Marcel Wanders,Marcel Wanders studio, 2005

Incandescent - 250W

It is a traditional shape magically recreated in the mind of Marcel Wanders: A glance at the Zeppelin reveals its inner self-a traditional chandelier-within the stunning cocoon that has transformed it. Its internal steel structure is sprayed with a unique "cocoon" resin to create the diffuser, which is then protected by a transparent spray. The internal structure includes transparent PMMA (polymethyl methacrylate) "candles." A faceted crystal globe is located at the lower center of the piece for a whimsical sparkle effect.
