A'dammer

ALDO VAN DEN NIEUWELAAR

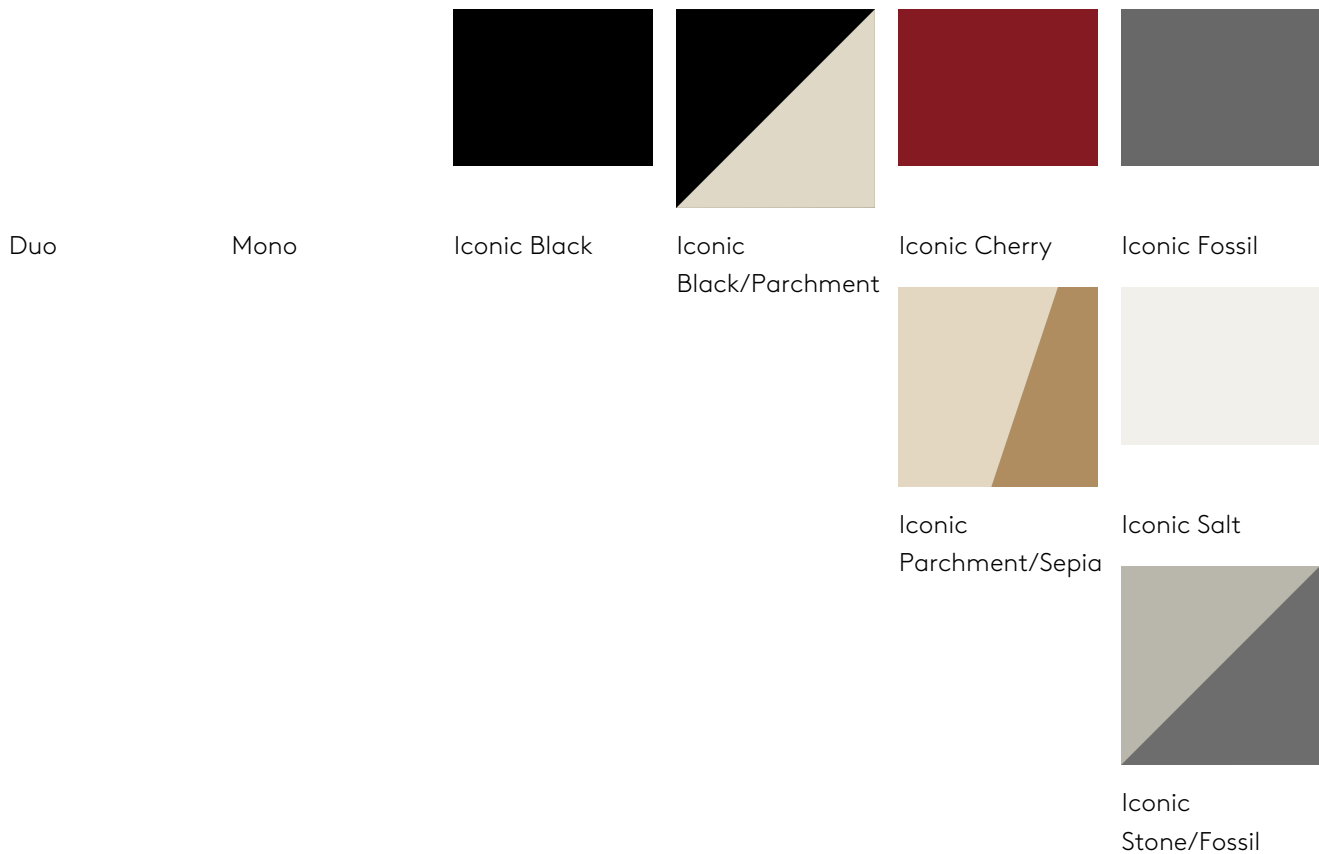

The sleek and playful designed A'dammer storage cabinet stands out with its distinctive roller shutter. This clever detail allows you to easily display or conceal the cabinet's contents, with the roller shutter disappearing neatly into the back when open. The A'dammer takes its name from the well-known bollards found throughout the streets of Amsterdam. As part of numerous international museum collections, the A'dammer proves that timeless design never loses its impact. This iconic piece continues to be a standout favorite in the Pastoe collection, celebrated for both its design and enduring appeal.

Detailing

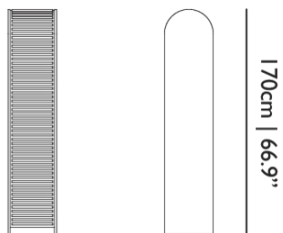

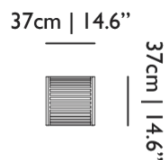

The A'dammer cabinet features a convenient cable feedthrough, making it effortless to route cables from the back to the various shelves inside, ensuri
