

PASTOE

Landscape Cabinet

JOOST VAN DER VECHT

Defined by strong horizontal lines and a clear architectural composition, the Landscape Cabinet brings calm and balance into interiors. The warmth of oak or walnut veneer creates an elevated contrast with the doors and drawers, available in the 21 colours from the Pastoe palette. The base frame can also be finished in these colours, allowing Landscape to adapt effortlessly to its surroundings. Designed by Joost van der Vecht in 2012, this contemporary classic reflects Pastoe's belief in clarity, functionality and timeless design. Balanced in proportion and thoughtful in detail, Landscape is designed to become part of everyday life and made to endure.
