SZ14 Armchair

WALTER ANTONIS

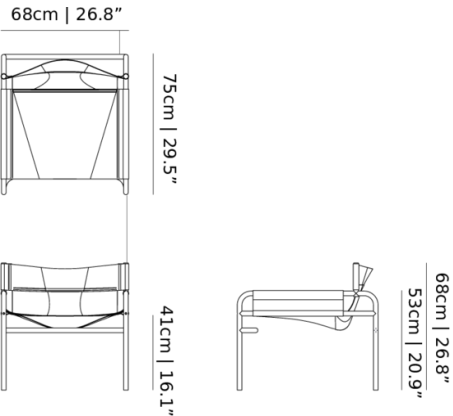

The SZ14 armchair, designed by Walter Antonis in 1971, is a true icon of minimalist design. Its high-gloss chrome frame carries a robust black saddle leather cover, crafted with only the most essential materials. Integrated armrests and elegant, flowing lines offer comfort and a sense of security, while the open structure keeps the chair light and modern. Over time, the saddle leather naturally molds to its user, giving the armchair a distinctive and personal character. With its timeless appeal, the SZ14 remains a striking addition to any interior.
