

CARVED TEAK SWIRL ON STAND

Artisans who create decorative accessories for Phillips Collection are known for their talents in working with wood. With so many of the unique pieces we produce, we bring a deep appreciation for melding nature and design, just as we have done with our Swirl Wood Sculpture. The curvaceous, organically shaped wood sculpture sits atop a black metal base to bring it the feel of a museum-quality relic. This decorative sculpture reflects the ethos that Phillips Collection personifies: modern organic.
