

CAST BLUE ONYX BOWL

Faux Finish, Narrow

Artisans who create decorative accessories for Phillips Collection are known for making man-made materials look like natural elements. With so many of the unique pieces we produce, we bring a deep appreciation for melding nature and design, just as we have done with our Cast Blue Onyx Bowl. The curvaceous, organically shaped decorative bowl has been hand-painted with a pattern that mimics the veining found in real blue onyx. We also offer this design in a wide shape.
