

LOTTIE SCULPTURE

Resin, Silver Leaf

The contemporary profile of the Lottie Silver Sculpture has a mid-century modern vibe. Made of composite in a silver leaf finish, the silver sculpture, which has a ruddy surface that makes it appear as if it has been forged from hammered metal, was designed by Raymond Waite. Like a graceful sentry, Lottie will bring panache to any room it rules. We also offer the sculpture in ivory, white, bronze, and liquid silver finishes, and as wall sculptures in bronze and silver finishes. Pair it with our Lloyd sculpture in the same finish. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
