

LOTTIE SCULPTURE

Resin, Roman Stone

The contemporary profile of the Lottie Roman Stone Sculpture has a mid-century modern vibe. Made of composite in a Roman stone finish, the off-white sculpture, which has a ruddy surface that makes it appear as if it has been forged from hammered metal, was designed by Raymond Waite. Like a graceful sentry, Lottie will bring panache to any room it rules. We also offer the ivory sculpture with our Lloyd Sculpture as a set, singly in bronze, white, silver, and liquid silver finishes, and as wall sculptures in bronze and silver finishes. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
