

MERCURY MIRROR, SQUARE, SILVER LEAF

The otherworldly pattern that flows along the frame of the Mercury Square Silver Mirror makes a statement in its randomness, mimicking the surface of some far-away planet but with much greater style. Made of composite in a silver leaf finish, a design detail of note is how there are subtle darker tones rubbed onto the decorative mirror's frame to bring it extra depth. This square mirror reflects the ethos that Phillips Collection personifies: modern organic.
