

## MERCURY MIRROR

**Black, Silver Leaf**

The otherworldly pattern that flows along the frame of the Mercury Round Black Silver Mirror makes a statement in its randomness, mimicking the surface of some far-away planet but with much greater style. Made of composite in a intermingling of black and silver leaf finishes, a design detail of note is how the decorative mirror's frame is fluted where the silver pattern flows along it. This round mirror reflects the ethos that Phillips Collection personifies: modern organic.
