

METAL LOTUS WALL ART

Old White

Crafted from hand-cut sheets of recycled metal, the Metal Lotus Wall Art creates a dimensional and dynamic wall display. Each circle has an etched linear motif that highlights the rustic finish, and each piece will vary in detail so choosing from assorted pieces makes each wall composition unique. This is also a versatile piece because it can be displayed either horizontally or vertically. The fact that the metal is recycled fulfills our desire to create artful home furnishings from materials that would be thrown away.
