CAROUSEL

design by Sebastian Herkner

CAROUSEL

design by Sebastian Herkner

Carousel collection, designed by Sebastian Herkner consist of dining and lounge chairs. It is an extremely original Industrial Design product, which perfectly matches any setting. The distinctive and elegant feature of the seat is the enveloping aluminium armrest, modelled in 3-D which gives it a unique character. Its aluminium frame is completed by several textures and materials, which result – as if on a carousel – in several possible combinations. Thanks to an attractive balance of elements, where rigid and soft parts alternate, Carousel is the ideal way to customize outdoor spaces, guaranteeing maximum comfort and functionality.
