What's Included: Part Configurations May Vary

| Item | Qty | Part number | Description |
|------|-----|-------------|-------------|
| 1 | 1 | 11418-PC30 | Assembly: Gala Pendant Fork & Hardware. Matte Black |
| 2 | 1 | A-10389 | Gala Chandelier LED Mount Assembly |
| 3 | 1 | 11067 | Gala Chandelier Small Globe |
| 4 | 2 | 10311 | Stem Internal Thread with 1/8 IPS Nipple Assembly |
| 5 | 1 | 11022 | CP14 Canopy Flat Round w Stem |
| 6 | 1 | Driver | LED Driver |

GP-10G    GP-20G    GP-30G

0.75 in X 1/8 IPS Threaded Brass Hollow Nipple

Pendant Stem 14"

1.

Pendant Stem 14"

Gala Pendant Metal Strap. Matte Black

2.

Optional Drop Height Adjustment

1.

2.

14"
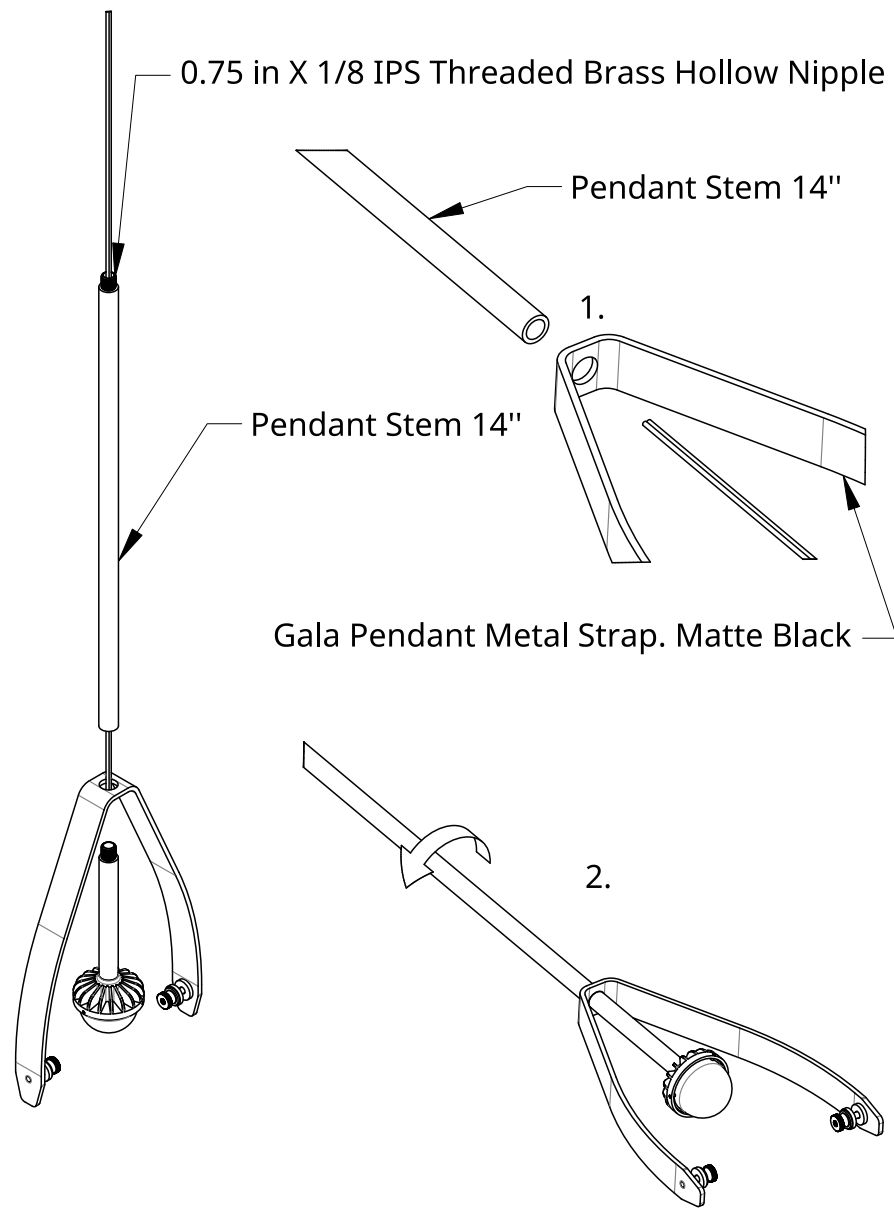

NOTE: Be sure Wires are not present within the Stem when cutting.

43.5"
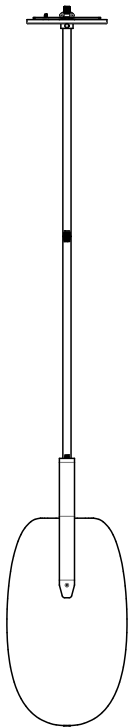

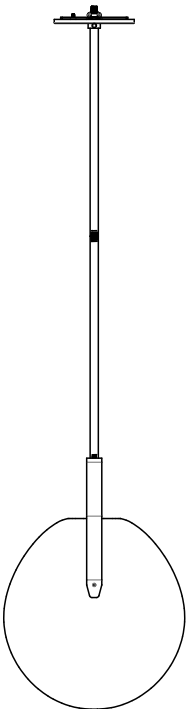

**Installation - Stem and LED Mount**

1. Feed wires from LED Mount Assembly through hole in Fork and first Stem with 1/8" IPS Brass Nipple.
2. Once the wires are fed through the Stem, thread the LED Mount Assembly to the treaded portion of the Stem, securing the Fork between both parts.

**Installation - Stem Trimming**

1. Trimming the uppermost Stem is optional. This can be done now or later depending on anticipated height above finished floor.
2. Feed wires through the second Stem and thread Stem onto 1/8" IPS Brass Nipple to fasten both Stems together.

3

Gala Slip Ring 1/4 IPS with 2X #6/32 Screws

Bracket Crossbar
w/ 1/2" IP Tapped Center Hole
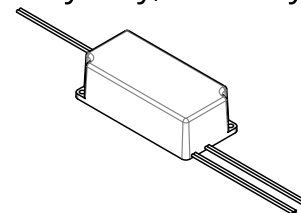

5" Canopy w/ 1/4" IP Slip Ring
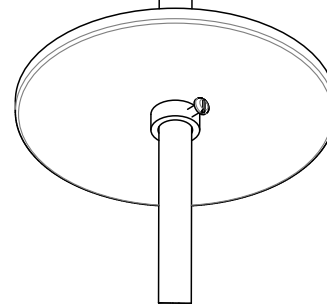

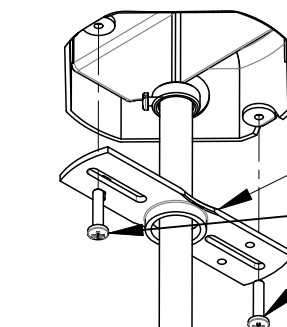

Pendant Stem 14"

⚠
Driver dimensions and location may vary, consult your
order confirmation for details.

Bracket Crossbar
w/ 1/2" IP Tapped Center Hole

*Fasteners not included

5" Canopy w/ 1/4" IP Slip Ring

Pan head machine screw #6-32 x 0.25
Stainless Steel 18-8

## Installation - Canopy

1. After making sure set screws are backed out to allow
   clearance, slide Canopy parts onto the Gala Pendant Stem in
   the correct order (5" Canopy, Bracket Crossbar, and 1/4" IP
   Slip Ring).
2. Once the parts are on the Stem be careful not to damage
   the finish.
3. Fasten the 2x 6-32 x .25 Screws in the 1/4" IP Slip Ring at
   desired height on the Stem.
4. Connect Red (+) and Black (-) Pendant wires to low voltage
   leads from externally located driver.

## Installation - Crossbar and Canopy

1. Once the Slip Ring is secured to the uppermost Stem,
   fasten the Crossbar to the junction box using 2x 8-32
   screws (not included).
2. After the Crossbar is securely fastened to the junction
   box you can let the fixture hang freely.
3. At this time you can raise the canopy to be flush with the
   ceiling.
4. With the Canopy flush to the ceiling, secure the Canopy
   using the 6-32 x .25 Screw.

1.

Rubber Sealing Washer

8-32 Knurled-Head
Thumb Nut

#10 Flat Washer

Rubber Sealing Washer

2.

Globe and Strap
Section View

1.

**Installation - Hardware and Globe**

1. Remove all included hardware from Gala Fork except Rubber Sealing Washers closest to the strap.
2. Gently flex Gala Fork over Globe and carefully insert the LED Module into the Globe until threaded studs line up with holes on the side of the Globe.

**Installation - Hardware and Globe**

1. Insert previously removed hardware into the globe in the same order they were shipped in (Rubber Sealing Washer, #10 Flat Washer, 8-32 Knurled-Head Thumb Nut)
2. Do this for both sides being careful not to damage the inside of the globe.
3. Congratulations! End of guide.
