

# DOUBLE CORD CHANDELIER

The Double Cord Chandelier is a well-balanced fixture, stretching nearly seven feet in length. This is a tensegrity structure, where the compression of the steel arms resists the tension of the cloth-covered electrical cords to hold the hand cast ceramic sockets aloft. Its overall footprint is designed to complement a standard dining table, making an intimate yet dramatic impression. Each chandelier requires two junction boxes, is built to order in our Los Angeles studio, and breaks down for easy shipping.

CARE | Clean with soft microfiber cloth which can be dampened if necessary.

## DIMENSIONS/ WEIGHT

83.5" x 28" x 10", 13 lbs

## DROP HEIGHT

8' Flexible Cord standard  
Rigid and Telescoping options available, two J-Boxes required

## BULB/ TECHNICAL SPECS
