

CHURCH CHANDELIER

The Church Chandelier continues our exploration of tensegrity fixtures with a three-part axis of symmetry and six exposed globe bulbs held aloft from a central wiring hub. The fixture's cloth-covered electrical cords resist in tension the compression of the steel rods, creating a light weight mobile structure in space.

CARE | Clean with soft microfiber cloth which can be dampened if necessary.

DIMENSIONS/ WEIGHT

68" x 68" x 10", 8 lbs

DROP HEIGHT

8' flexible Cord standard
Rigid and Telescoping options available

BULB/ TECHNICAL SPECS
