

DOUBLE CHURCH CHANDELIER

The Double Church Chandelier features ten floating bulbs held aloft through a simple armature of cords and rods. With an overall length of just under ten feet, the Double Church Chandelier is right at home in entryways and meeting rooms. A tensegrity structure, the fixture's cloth-covered electrical cords resist in tension the compression of the steel rods. Each chandelier requires two junction boxes, is built to order in our Los Angeles studio, and breaks down for easy shipping.

CARE | Clean with soft microfiber cloth which can be dampened if necessary.

DIMENSIONS/ WEIGHT

118.5" x 44" x 10", 14 lbs

DROP HEIGHT
