

Ausable

SW38534

DESCRIPTION

Inspired by the classic pocket lantern, the Ausable large outdoor wall lantern reimagines tradition with refined elegance. Its striking silhouette is accented with burnished brass trim, while an upward-flaring roofline crowns the design, setting glass panes beneath a beautifully detailed top complete with a hanging loop. The front panel conveniently hinges open, providing access to the candelabra-style lamping set against a beveled mirror. This mirror enhances the warm ambient glow, adding a shimmering touch to the light as it filters through the textured glass.
