

Media shelf

The media shelf is available in one size, b58 x d47 x h10 cm and fits into wire panels from String® System with depth 30 cm. The media shelf is produced to give the vinyl record player a designated spot. The media shelf is designed to help you organize all cords and cables by letting them disappear behind the shelf without the risk of getting pinched between the wall and shelf. The media shelf can easily be turned into a workspace, or why not a drink table. Each packaging contains one media shelf, one ledge to place against the wall to stabilize the media shelf along with brackets.

Product name

Media shelf, W58 x D47, Anthracite

Anthracite
NCS S 7500-N

Launch year

2021

Assortment

outer: W: 58 cm / 22.8 in D: 47 cm / 18.5 in

Care and maintenance

Wipe the surface with a clean cloth made of non-abrasive material. Damp wipe with mild cleanser solution (pH-neutral 7-8). You can also make a cleanser of dishwashing liquid and lukewarm water. Make sure to put the cleanser on the cloth and not on the furniture surface, and do not leave the cleanser on the surface. Wipe the surface with the solution, then with pure water and finally with a dry cloth. Do not use ammonia or any hard cleansers since this can cause the veneer to come loose, or dissolve the lacquer. Veneer with a thin lacquer or stained layer surface is to be wiped in the direction of the fibre with a dry cloth. Use furniture care resources without silicone, since it complicates the possibilities for future repainting.

Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

Recyclability

The shelf brackets are molded from zinc containing 60% recycled material and are recyclable., MDF forms the core of most of our lacquered products and is recyclable.

Strength, durability & safety testing

EN 16121
