

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Loosen the set screw on the coupling on the underside of the ceiling canopy. Adjust the cord in or out of the ceiling canopy according to your hanging height. Tighten the set screw on the coupling once your hanging height is achieved.
4. Refer to the additional installation instructions included with the product for wiring and installation.
5. Install proper bulbs (not provided) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
6. Restore power to the installation point and retain this sheet for future reference.
