

Volum short 29,  
Design by Snøhetta

Model Volum long 29

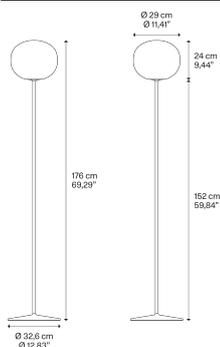

Volum celebrates the elegance of simplicity with a series of lamps that, in their similar yet intimately different shapes, complement each other in poetic compositions that narrate an all-round illumination.

Behind its apparent simplicity, the collection designed with the Snøhetta studio conceals a complex execution and a tribute to the ancient technique of glassblowing, which brings to life naturally imperfect shapes that are always unique. The diffuser spheres, with their glossy white finish, radiate a warm, soft, and diffused light, highlighting the beauty of glass and its craftsmanship.

The Volum family presents different options that can enhance any space and situation, either individually or as part of compositions, offering coordinated, room-specific lighting solutions.

Volum long 29

Light source

E27 LED Ø max 6 cm  
1 x 25 W Ø max 2,36"
