

Mint

Mold No. ML-1992

Collection Mid-Century Modern

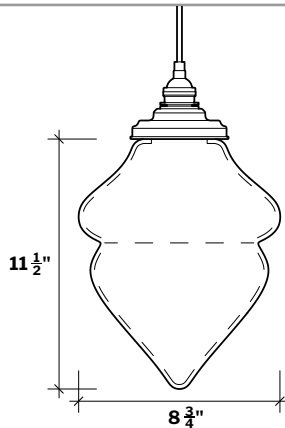

Year 2019

The Mint Pendant Light showcases a graceful silhouette with a smooth and soft glass form that elegantly tapers to a rounded point. Its emitted glow complements its delicate design, and its blown glass shade is available in transparent or opaque, color or clear glass. Its understated shape adds character to any interior space.

The Spline and Boulder optic options for this glass form adds texture to interest the aesthetic eye and modulate various light patterns.
