Profile 5

The curving lines of its handblown glass give the Oestre Pendant its understated elegance. The double-ellipsoid shape gives it presence, while the opaque glass gives a soft glow. The pendant stem transitions above the glass into a decorative metal profile. Available in multiple profile options, opaque glass colors, and brass hardware finishes. Part of the SkLO + AvroKO collection – a collaboration between SkLO and the AvroKO Partners.

Socket 220-240V G9 7W Max (LED bulb included)

Requires recessed electrical box for installation

Standard canopy does NOT accommodate sloped ceilings or swagging of this light. Other canopy options are available at an additional cost. Visit the Accessories page on our website to see available canopy options and review compatibility

This fixture is compatible with one or more of SkLO customizable multi-pendant canopy systems. Visit the Accessories page on our website to see available systems and review compatibility

This fixture is compatible with one or more of SkLO customizable multi-pendant canopy systems. Visit the Accessories page on our website to see available systems and review compatibility
