HANGING YOUR MIRROR

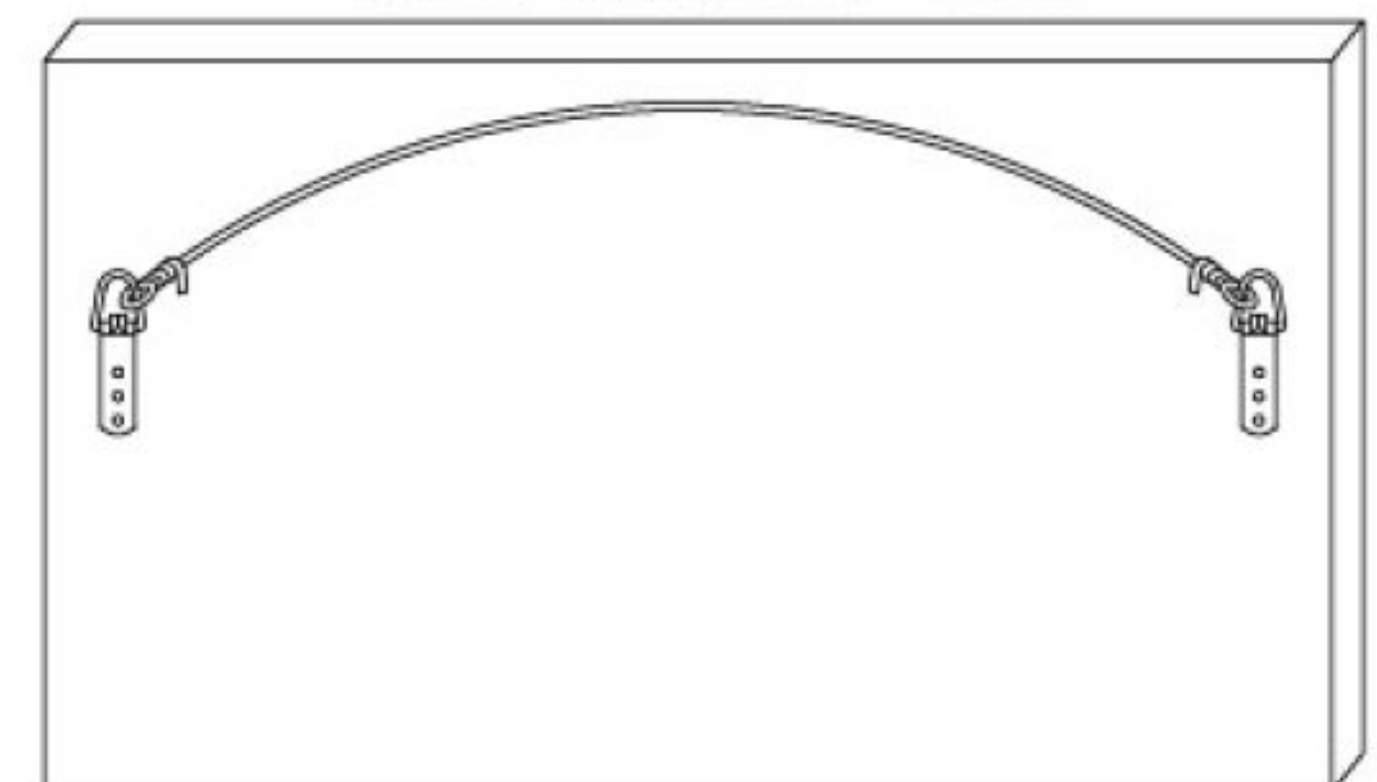

The D-rings attached to this product are for direct vertical hanging only.

Under no circumstances should cord or wire be tied between the D-rings.

We would strongly advise contacting a professional picture hanger to install your mirror with the correct fixtures for your specific wall type.

Damage may occur if the hanging hardware packed with this item is not used.

THE UNSAFE WAY

The weight of the mirror not properly distributed places a strain at one point on both wire and hangers.
