

PRODUCT DESCRIPTION

Hand formed metal mesh shades are dimpled and folded into distinctive, artisanal forms. In more traditional lantern and chandelier configurations, these unique shades feature the material suspended within solid brass cages. A large modern, LED pendant features a mesh shade supported atop a sculpted travertine base with brass finial. Similarly, an oversized accent lamp features a large body of travertine at its base with a seemingly floating mesh shade perched atop a brass column. All fixtures include opal white LED lamps.
