GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.

This product is safety listed for damp locations.

Incandescent version may be dimmed with a standard incandescent dimmer. LED version may be dimmed with a LED dimmer. Consult lamp manufacturer for additional information.

This instruction shows a typical installation.

CAUTION - RISK OF FIRE
This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
Use minimum 90°C supply conductors.

SAVE THESE INSTRUCTIONS!

Install the Fixture

- 1 Secure the mounting plate to the junction box.
- 2 Connect the fixture to a suitable ground in accordance with local electrical codes.
- 3 Connect the white fixture wire to the neutral power line wire with a wire nut.
- 4 Connect the black fixture wire to the hot power line wire with a wire nut.
- 5 Neatly tuck the wiring into the junction box, place the fixture base onto the mounting plate and secure it in place with fixture screws.
- 6 Screw the lamps into the sockets. Refer to the label on the socket for max wattage information.
- 7 Place the shade top onto the shade.
- 8 Align the studs on the shade with the holes on the fixture base, then secure them together using the cap nuts.
