

Hoyos Sideboard

110659

The Hoyos Sideboard is a study in simplicity. The mismatched curved panels on the front doors give added definition to its silhouette. Crafted from poplar wood and oak veneer with warm brass aluminum handles. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
