

Atherton Sideboard

109428

Fusing modern style with a design inspired by global travels, this richly textured sideboard will add definition to any space. Crafted from a wooden frame with a sand raffia covering. Features three soft-closing drawers and two cabinets. Completed with steel and clear acrylic handles. Anti-tip kit included. Handle With Care: This design has been crafted with raffia. Each item will exhibit unique traits such as texture and thickness variations that add to the natural character of this finely woven material. Visit our Product Care page for more information on how to ensure the lasting beauty of this piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
