

Dalton Bookcase

111906

A distinctly modern bookcase crafted from German oak wood veneer featuring a black finish and unique wood grain. A stunning brushed antique brass steel frame completes the look. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
