

Queens Dining Table - 78.75"

105749

This mid-century modern dining table features clean lines with a sturdy silhouette. Designed with a white ceramic top featuring grey veining designed to mimic the variations and patterns of marble, making each piece unique. Solid brown rubberwood legs complete this design. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
