

Sahara Bench

101703

Made in India, the Sahara bench is beautifully unique as no two are the same. Features a stunning genuine cowhide seat in varying grey tones with a polished stainless steel x-base. Great for contract and residential placements. As cowhide is a natural material, organic markings on the animal may still be visible and there may be apparent differences in hair length, colour, and pattern. No two pieces are alike and images on site may not capture these qualities precisely. Made in India. With refined craftsmanship, this design was brought to life by skilled local artisans. By nature, these materials develop unique imperfections such as fissures, markings and colour variations for a truly one-of-a-kind piece.
