

## Rhett Office Chair

111903

With a grand silhouette that pays homage to mid-century modern designs, this incredible office chair will add luxe comfort to any workspace. Upholstered in dillon black faux leather with an accenting walnut bentwood seat and back. Includes an adjustable seat with added tilt function. Completed with a silver aluminum base and castors. Handle With Care: This design has been crafted with faux leather. Faux leather is manufactured to reflect the natural characteristics of leather; as such, colour variations, markings wrinkles, grooves, and light scratches are appreciated characteristics. No two pieces will be alike. Visit our Product Care page for more information on how to ensure the lasting beauty of this piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
