

Stamos Desk

104634

A trifecta of materials comes together in this modern console table. Crafted in Indonesia, the base features a charcoal grey oak wood with a surrounding black iron frame. Completed with a solid grey marble top and two drawers for added style and function. As marble is a natural material, unique veining, pitting, fissures, micro-cracks and colour variations are all characteristics that add to the uniqueness and beauty of each piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
