Ventana Sideboard - Large

108782

Elevate any living or dining room space with this geometric sideboard that boasts a rich amount of detail. Features grey solid mango wood cabinet fronts and stylishly complemented with a white metal frame. Completed with a black powder-coated hammered metal base. Made in India. With refined craftsmanship, this design was brought to life by skilled local artisans. By nature, these materials develop unique imperfections such as fissures, markings and colour variations for a truly one-of-a-kind piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
