

Wyatt Side Table

102223

Bold and impressive, this end table will elevate the design of contract and residential spaces. Made in Indonesia from solid teak root wood painted black, with each piece uniquely varying in shape and size. Finished with a sturdy black steel frame. Can be grouped together with the Wyatt Coffee Table for added dimension. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
