Greco Sideboard

110781

A refreshing take on Scandinavian design, this sideboard is a great addition to any dining or living space. Features a coveted light wash oak wood frame with visible graining and complementing straight and curved edge cabinet fronts. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
