

Jade Sideboard

102927

This uniquely crafted sideboard will add transitional allure to any dining space or foyer. Made from acacia wood veneer with four drawers and two large cabinets for ample storage. Alternating wood grain patterns on the drawer fronts and antique brass hardware complete the look. Suitable for residential and contract settings. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
