

Lewis Desk

108480

Defined by natural elements, this impressive live edge desk is inspired by global travels. Features a subtle curve design and crafted from grey solid acacia wood. Includes three drawers and completed with iron handles and base in a brass finish. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece. Made in India. With refined craftsmanship, this design was brought to life by skilled local artisans. Due to the nature of handcraftsmanship, unique imperfections such as fissures, markings and variations in colour and shape are welcomed and appreciated characteristics for a truly one-of-a-kind piece.
