

## Jade Dining Table - 79"

102928

This uniquely crafted dining table will add transitional allure to any dining space. Features a stunning acacia wood veneer tabletop with antique brass steel detailing down the centre, and matching base. Suitable for residential and contract settings. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
